Explanation. - (1) For the removal of doubts, it is hereby declared that-

- (i) This rule by itself does not provide a method for determination of value, it provides a mechanism and procedure for rejection of declared value in cases where there is reasonable doubt that the declared value does not represent the transaction value; where the declared value is rejected, the value shall be determined by proceeding sequentially in accordance with rules 4 to 6.
- (ii) The declared value shall be accepted where the proper officer is satisfied about the truth or accuracy of the declared value after the said enquiry in consultation with the exporter.
- (iii) The proper officer shall have the powers to raise doubts on the declared value based on certain reasons which may include –

- (a) the significant variation in value at which goods of like kind and quality exported at or about the same time in comparable quantities in a comparable commercial transaction were assessed.
- (b) the significantly higher value compared to the market value of goods of like kind and quality at the time of export.
- (c) the misdeclaration of goods in parameters such as description, quality, quantity, year of manufacture or production.
